

SP SPORT MAXX

Premium Luxury Sport Tire with Commanding Power

FEATURES	BENEFITS
Multi-Radius Tread Technology™ distributes pressure evenly over the contact patch and large footprint	Helps deliver superb dry handling without sacrificing wet handling
Twin Hydro-Paddle Technology™ incorporates a directional tread design that helps to rapidly and efficiently drain water out both sides of the tire	Enhances wet handling and deep-water performance
Integral Rubber Matrix tread compound comprised of an optimized blend of silica and high-structured carbon black	Demonstrates excellent acceleration and braking performance
Firm, continuous middle rib efficiently transfers lateral forces	Helps provide excellent stability at highway speeds
5-Pitch Technology™ minimizes subjective and pass-by noise	Enhances driving comfort
Jointless Band Technology™	Helps maintain the tire's structural integrity and enables smooth performance at highway speeds
Max Flange Shield®	Helps protect rims from accidental curb damage
